# MESSAGE FROM CEO

Dear Friends,

2016 was truly a memorable year. We are now recipients of four International awards given by world renowned organizations, which truly recognizes talent, quality, excellence and best practices.

2017 will be a challenging year with the establishment of the first cardiac diagnostic and treatment centre in Asia. While we remain focused on the welfare of our kidney patients, we are humbled that we are able to extend our services to assist needy patients with heart ailments.

We strongly believe that with your support and generosity, we will give patients the opportunities to continue living a decent, healthy and fruitful life they so rightfully deserve.

*'We cannot promise them how long they will live, but we promise to do our best while they are still alive'* 'AK

Thank you again from all of us at Medicare!

Dato' 'Aliyah Karen

# STATISTICS & SUBSIDIES

In January 2016, we carried out a social and financial survey on all patients to determine the assistance each patient needed and categorized them into Levels 1-4 (the extremely poor were placed in Level 1 and average income earners were in Level 4)

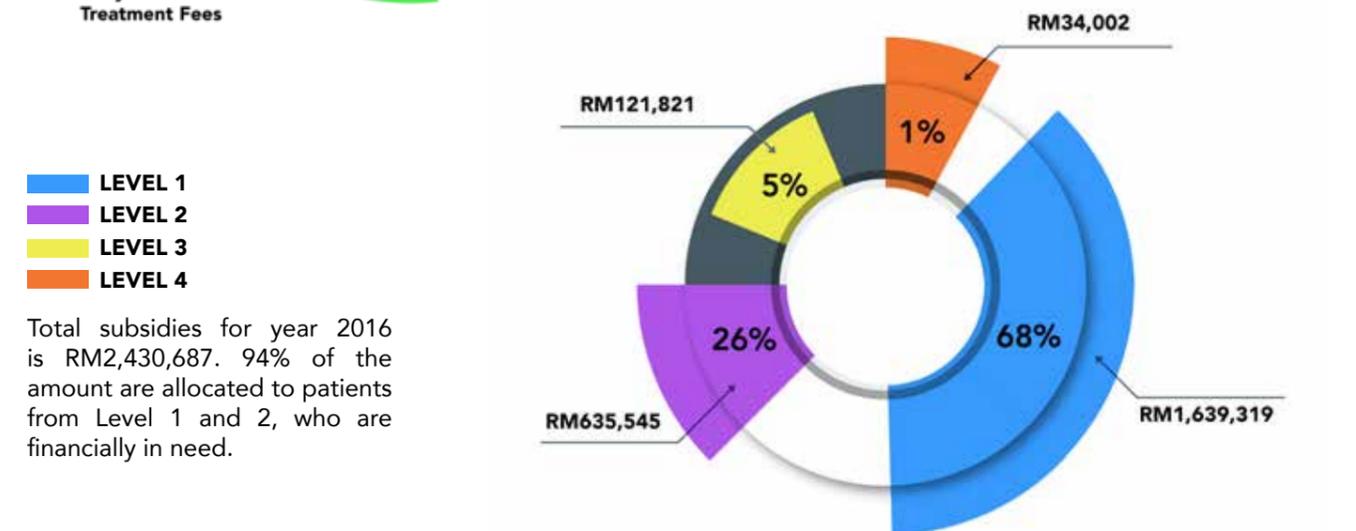

Level	No. of patients	Household Income Nett of Living Expenses and Dialysis Costs
1	431 (52%)	<RM999
2	203 (24%)	RM1000 – RM1,999
3	71 (9%)	RM2000 – RM2,999
4	125 (15%)	> RM3000
<b>Total</b>	<b>830</b>	

# PATIENT'S WELFARE FUND (PWF)

180 of our 830 patients have been identified by the PWF committee as 'extremely poor' and additional assistance such as monthly groceries, free transportation & medications are provided.

# SUBSIDIES

Total subsidies for year 2016 is RM2,430,687. 94% of the amount are allocated to patients from Level 1 and 2, who are financially in need.

# PATIENT'S WELFARE FUND (PWF)

The team @ Medicare puts in extra effort with home and hospital visits, counselling sessions, birthdays and celebrations. We simply care!

# PATIENT'S WELFARE FUND (PWF)

Monthly groceries, EPO injections and transportation is extended to those who are in dire need.

Launched in 2009 all school going children of our patients are provided with back to school assistance each year. 150 kids benefit each year. Various activities are added on during school holidays.

\*Thank you KTC Enterprise Sdn Bhd for the schoolbags!

Care and Respect the Environment or better known as CARE program is the Foundation's effort in encouraging all centres in making the environment ecofriendly and energy efficient. **Go Green & Be Green.**
